Meeting Minutes

President Wade Plowman called the meeting to start at 7:02 pm. Present were Commissions Kane Asbridge, Doug Dunlap, Bill Leroy, and Sarah Rahn. Also present were Park Ranger, Bo Casey and Secretary/Treasurer, Angie Tillman, Dan Tillman and visitor, Brooke Heagy.

Kane Asbridge motioned to accept the minutes as presented and pay all the bills. Bill Leroy seconded the motion. Motion carried, 3-0.

Visitors

-Brooke Heagy spoke to the commissioners about a new ticket booth in the football field as well as pouring some fresh sidewalk inside the gate to be connected to the city sidewalk. The booth will be 8' x 8'. Brooke's husband will pour the concrete, which will be donated by WL Miller. Donnie Boley will donate his time to build the booth. The material will be purchased through the McMann memorial funds. An extension cord will be used to power the booth if anyone is needing power. The one complaint that was brought up are the port-a-potties. Where they are currently being placed, the smell is overwhelming. The board indicated that the school is the one responsible for the port-a-potties, but would rather they be placed next to the permanent restrooms. This would solve the current situation.

Old Business

-Nothing was covered under old business.

New Business

-Nothing was covered under new business.

Maintenance

-Bo Casey reported that the electric and water will be fixed by the third weekend in July.

-Pump House needs attention. Frank Milliard quoted \$35,000 to build a new pump house using stainless steel. AML quoted \$20,000 to rebuild using different material. Of the \$20K, around \$17,000 was for parts. Kane Asbridge is going to try to get quotes for material once Bo Casey has provided him with a list of materials needed. The remaining amount of around \$3,000 will be completed by someone without needing to obtain a bid. Repairs will take place after the pool closes down for the season.

-The pool is going through around 20 gallons of chlorine each day. Other public pools are going through a lot more chlorine.

-East diving board has been welded and is still needing some additional repairs. An option has been brought up to take it down and use it as parts for the other diving board and replace it with a plexiglass rock climbing wall.

-Kane Asbridge has spoken with multiple people that have requested better lighting at City Park's basketball court.
